

# Wire Transfer Changes

On July 30, 2010 New City Bank changed to a new wire provider. As part of this change, New City Bank has stopped receiving wires at the 071026343 ABA routing number. Please be advised that wires sent to this ABA may be rejected and sent back to their respective sender(s) by the Federal Reserve Bank of Chicago.

Please contact a New City Bank professional for new wire instructions at (312) 588 0088 Monday thru Friday 8:30AM-5:00PM.

\*Due to high volume, the wire cut-off time for the same-day processing of domestic wires is 4:00PM central time Monday thru Friday. Bank staff will make a reasonable effort to continue accepting wire requests after the cut-off until 5:00PM central time, but same-day processing cannot be guaranteed. In instances that late wire requests cannot be accommodated, bank staff will promptly inform the customer.

\*Also due to high volume, the wire cut-off time for the same-day processing of foreign wires is 2:00PM central time Monday thru Friday. Bank staff will make a reasonable effort to continue accepting wire requests after the cut-off until 3:00PM central time, but same-day processing cannot be guaranteed. In instances that late wire requests cannot be accommodated, bank staff will promptly inform the customer.

\* Only wire requests received on the times listed above will be transmitted by New City Bank to our wire processor, TIB. New City Bank is not liable for any failure by TIB in the timely processing of wires for same-day processing. Please note that wire services are not available on federal holidays.
